

Funeral Today for Ross Cheney, 97

Funeral services will be held at Ellis-Olson mortuary at 3 o'clock this afternoon for Ross Reed Cheney, who died in El Cerrito Sunday, the day before his 97th birthday.

A native of Roscoe, Ill., Mr. Cheney and his family came to San Francisco the day after the earthquakes in April, 1906. They lived in the Bay Area 63 years, in Albany since 1951.

Mr. Cheney, often called Albany "senior citizen," was a familiar figure on local streets until he was bumped by a car a couple of years ago.

He was customs inspector for the U.S. Customs for 20 years, was a former member of Oakland lodge 171, BPOE, and member of the Albany Senior Center. He was an avid sports fan and until a few years ago, flew to World Series games.

He was preceded in death by his wife, Jessie W. Cheney; two brothers, George L. and Fred Cheney, and two sisters, Etta Millar and Grace Weinbrenner, and his son-in-law, Arnold Pope.

Survivors include his daughter, Frances Cheney Lozier; granddaughter, Zetta Pope; grandchildren, Reed, Arnette, Daniel and Kevin Pope; niece, Jean M. Jackson of Park Forest, Ill.; nephew, Kenneth C. Millar, Evanston, Ill., and several grandnieces and nephews.

Committal services will be private.

Solano Avenue Lighting, Beautification Are Nearing Reality

New street lighting and beautification of Solano Avenue are close to becoming realities following a meeting last Wednesday night at City Hall of the beautification planners, the Chamber of Commerce Solano Avenue Lighting and Beautification committee and the City Council.

Bill Garren, chairman of the SALBC, told the group the Chamber of Commerce has an aim of \$12.25 to \$12.50 cost per front foot for the beautification and lighting, featuring opal white globes on galvanized steel poles.

This type of pole was criticized by members of the Council, who indicated they would prefer aluminum poles such as were installed on San Pablo Ave. Aluminum poles could raise the front foot cost to about \$13.

The Chamber of Commerce committee asked the elimination of about \$3,000 in beautification items, including kiosks, bulletin boards, fancy street signs, drinking fountains and spiral lights. They suggested reduced cost of litter containers and street signs paid for by others.

The planners promised to take the cuts into consideration.

It was noted that PG&E will underground utilities and provide a free connection to the box with conduit up to 100 feet. They

also will repair sidewalks. PG&E representatives will contact individual property owners to inform them what must be done and they may call any electrician they wish to do the necessary work.

Two weeks of easy travel were routed by the headwaters of the Missouri River in Montana and the Columbia River, about a hundred miles to the west in British Columbia. Two days at the Calgary Stampede were followed by several in the Canadian Rockies and a couple in Vancouver and Victoria. The pictures were taken by several different members and were put together for showing by Harry C. Peterson.

Flurries on Police Overtime; Bayfill Plans

In a meeting continuing for more than two and a half hours Monday night, Albany City Council adopted a budget of \$1,884,859, representing an increase of \$341,000 over last year, and set the tax rate at \$1.48 per \$100 of assessed valuation, which is 21 cents less than last year.

Councilmen explained that Albany's assessed valuation is up 21.3 per cent or \$33,500,000, a figure \$29,000 more than last year. They explained they are holding the line at the property tax level and hope the School Board and County Board of Supervisors will do the same.

One additional source of revenue in fiscal 1969-70 will be an extra five cents tax on admissions at Golden Gate Fields, from 20 to 25 cents.

Mayor Richard Clark and the three councilmen present (H. F. Call, Joe Carlevaro and George Hein) said the fact they could hold the line on property taxes made all the budget sessions worthwhile. Councilman Lewis Howell, who is vacationing, had written a note stating he had attended all budget sessions and concurred 100 per cent with the document.

The budget, which will be published in its entirety next week, provides a five per cent salary increase for non-uniformed employees and a sliding 6 1/2 to 8 1/2 per cent increase for uniformed employees. It also provides \$8,000 for the Chamber of Commerce, for the incentive salary program in the Police and Fire departments, fixes transportation and car allowances, and provides for overtime pay twice monthly rather than on an accumulative basis.

Police Overtime

This provision caused comment from members of the Police Department. Chief Ralph Jensen urged that each member of his department be allowed to accumulate up to 40 hours of overtime.

Mayor Clark said the whole

problem is one of accounting. It is the desire of the City Council, he said, to keep the budget "up to snuff" at all times. He added there is no way of knowing how much overtime is being accumulated.

Chief Jensen offered to use any bookkeeping system suggested. Inspector Mel Boyd said it is important that police personnel can go home when emergencies arise.

Councilman Hein pointed out that as of Monday night, \$1,791.42 had accumulated in two weeks of police overtime, which would be \$3,500 plus per month or \$45,000 a year.

"For that amount, you could hire four more men," Hein said.

The chief said people may not take time off unless there are three people on the street.

More Policemen?

Mayor Clark said he feels there is a definite need for more policemen. Chief Jensen agreed. But he said overtime accumulation can be considered a fringe benefit.

Other Councilmen agreed more policemen seem to be needed. Jensen said there has been an increase of 150 per cent in police activity in the past 10 years.

Clark reported they have figured the annual cost to the city of maintaining one patrolman at \$15,225. He said he would rather pay more men regular time than pay time and a half for overtime.

Chief Jensen agreed to a trial period under the payment of overtime every two weeks, but Policewoman Carla Stickley said she worked every Saturday, Sunday and holiday for five years and the only way she got time off was to have someone work for her under accumulated time. She said morale would deteriorate.

Carlevaro took exception to that remark, stating the Council has done more for the Police Department in the past few years than had ever been done previously.

ALBANY BOWL OBSERVES 20TH ANNIVERSARY

Albany Bowl is celebrating its 20th anniversary in business.

A pioneer installation of AMF automatic pinsetting equipment, the Bowl opened in 1949 with 16 lanes. Albany and El Cerrito youngsters were hired as pin boys, according to William B. Lacy, company president.

Built under the direction of the late Frank B. Lacy, the Albany Bowl was enlarged to 26 lanes in 1952, with an additional 10 lanes added in 1958, making the Bowl one of the largest in Northern California at that time. With the installation of the automatic pinsetting machinery, it was the first to be completely automated in Northern California.

Along with the 20th anniversary celebration, three leagues that started the day the doors opened at Albany Bowl also celebrate a 20th birthday. They are the Ladies' Homesteaders, Colgate-Palmolive Co., and Albany Eagles, No. 2323.

The present management of the Albany Bowl is made up of William B. Lacy, who succeeded his father as president in 1961 following his death; Mrs. Rhea, Frank Lacy's widow, vice-president; Jim Olry, secretary-treasurer, and George Schaber is promotion manager. Three employees have been with the Albany Bowl since opening day—Ralph Johnston, head bartender; Vivian Frank, desk co-ordinator, and Samuel Holmes, custodian.

ously.

Officer Archie Sterling said his overtime accumulation has not cost the city, but it is valuable if he wishes to spend time with his daughter or with his civilian friends, most of whom have weekends off.

Clark said Council hopes the men will take the money and put it in the bank so it is available when they need it.

Sterling countered with, "Why this extra burden?"

One policeman had left the Council chambers in a huff and others were obviously unhappy when Council voted to give the regular payment of overtime a test with regular reports on how it is working from Chief Jensen.

Ramona Council

Pocahontas Clara Chesnut will conduct her first meeting Tuesday, Aug. 12, when Ramona Council 206, Degree of Pocahontas, meets at Hermanson Hall, Berkeley, at 8:15.

Her new appointive chiefs are scouts, Grace Moffett and Dorothy Robertson; guards, Cleo Moresi and Genevieve Fuhrman; warriors, Helen Oldenburg and Winnie Candelario; aide, Neva Audiss, and musician, Elizabeth Collins. Veterans chairman Winnie Candelario has asked all sisters to bring homemade cookies to be taken to Oak Knoll hospital.

frontation was over recent Bay Conservation and Development legislation in Sacramento, which exempts the Albany fill from BCDC jurisdiction through definition of "project."

Prior to the Council session, a lone picket marched up and down Marin beside the city hall complex parking area carrying a sign urging a halt to the fill here.

A letter from Mr. and Mrs. Eugene Mannila of El Cerrito protesting Albany's waterfront project opened the discussion on the Council floor. Call wondered out loud why the letter came to Albany, stating it should have gone to either Berkeley or Richmond, where garbage is freely dumped into the Bay.

Call then verbally took on Berkeley Councilwoman Bernice Hubbard May for "conflict of interest" in serving on BCDC, the Berkeley Council and a three-member committee to fill the bay in Berkeley. He said his recent proposal to make sure no Albany garbage was dumped by the scavenger company within five miles of Albany scotched a plan of the people of Berkeley to use Albany garbage to fill the Berkeley Bay.

Commendations

In quick order, Council directed resolutions commending Mayor Clark for his leadership and hard work in gaining exemption of the Albany project, Senator Lewis F. Sherman for his help at a critical time (Councilman Carlevaro in making the motion said Republican Sherman has done more for this community in a short time "than all the Democratic friends I did have in Sacramento." Call added, "I'm a Democrat, but I intend to work hard for Lew Sherman next time he runs, no matter who is his opponent.")

The next resolution commend-

ed Senator Alan Short for the work he did in behalf of Albany, and the final motion involved writing letters of thanks to the 19 Senators who voted in favor of Albany.

It was pointed out that Albany has no paid lobbyist, that the favorable decision was simply because the Senators feel Albany is right.

Mayor Clark outlined the BCDC legislation as finally passed.

Call blasted conservationists, including Albany residents, who "scream and squeal to save the Bay for Berkeley or Richmond garbage."

Later, under Good of the City, Edith Sheriff commended Clark, Call and Carlevaro for many hours spent on behalf of the Albany bay fill in Sacramento. She asked for the names of legislators who will be thanked individually, was told they will be read next week.

Redel Sorry

Ray Redel of 756 Gateview, member of Albany Bay Committee, said he was sorry the Albany amendment passed in Sacramento. Councilman Carlevaro left the room in disgust. Redel urged Council to publicize details of the Rimov plan, the "devastating" engineering report and the opinion of financial experts.

(Call had earlier suggested a breakdown of tax dollars to be on display in a public place, possibly City Hall. Redel said the complete information on the waterfront plan was more important to taxpayers.)

Clark said Council has at all times requested actual costs and information, that it is determined

the project shall pay for itself. He said "someone" has approached the State Harbors and Waterfront committee in Sacramento in an effort to stop Albany from having any state money budgeted for its waterfront project.

Jerry Talley, a former member of the Bay Committee, said he doesn't believe conservationists know the meaning of the word, which means preserve and not necessarily "leave as is." He accused the group of "attempting to confuse, agitate and divide people."

Call added that before the project can get under way, the city must overcome an initial cost of many thousands of dollars because of lawsuits "these people caused."

Redel countered with an estimate from University of California scientists that within 30 years there will be a point of irreversibility with respect to the fight for environment. "Our lives are at stake," he said.

Carlevaro, who had returned, then accused the ABC and other conservationist groups of "doing anything that could possibly stop the city from going ahead with the project." He said that instead of complimenting the Council on its efforts, Redel gave an ultimatum.

"He is one who has baited this Council for two years," Carlevaro said.

Talley said Redel is primarily interested in Regional Government through BCDC.

Street Tree Program

Administrative Officer James B. Turner announced that he would present plans and speci-

cations for the street tree program next week and that Council must be prepared next week to move ahead with Solano Avenue lighting. Undergrouting must be completed by Dec. 1. Clark urged including as much beautification as possible. Turner said it will be flexible.

City Attorney Larry Sater affirmed his original opinion that a clerk-dispatcher in the Police Department is legal. When asked what effect his opinion might have on the attorney retained by Police and Fire Civil Service club, Sater said, "He said if I didn't agree with him, he'd file a lawsuit."

Hein quipped, "It's about time we're running low on lawsuits."

A citizen with a complaint against a neighbor, Turner Fire Chief Gerald Brown, whose comments were in the heard Council direct Turner investigate and report next week.

Mayor Clark was authorized to proclaim Sept. 16 "Union Labor Week." A letter from Neil and Mildred Ledford of 533 7th St. complaining about a camellia tree and asking its removal was referred to Park Superintendent E. J. Rooney.

Council approved refund of pension contributions to former Patrolman John R. Nicholson in the amount of \$263.25.

More Helpful Hints From PG&E:

Five handy tips on household safety.

A Little Dirt or Lint can cause trouble. So make sure that burners and controls on your gas furnace, wall or floor heater are clean at all times. And clean or replace dirty furnace filters periodically.

Remember to replace broken or frayed electric cords. Make sure all electric tools are properly grounded. Never put too many appliances on one outlet. Disconnect small appliance cords by pulling plug first from outlet and always discourage youngsters from tampering with cords or outlets.

It's Up To You to practice good home safety habits. Don't place furniture or draperies over floor furnaces. Don't let gas accumulate before lighting a burner manually. And always make sure the burners on your range are off completely when not in use.

Get Rid Of rusted or loose fitting vent and flue pipes. Have them checked annually. And if you suspect a gas leak, CALL PG&E IMMEDIATELY.

Once A Year

have your gas appliances thoroughly checked by your furnace man or plumber. While he's there he should make sure safety pilots are operating properly, air openings on burners are clean and burners set for a blue flame.

PG&E Is Ready To Help

If you call for a PG&E service man to check out any gas leak or inoperative gas appliance, ask him to show you where your gas pilots are located and how to go about relighting them. If repairs or parts are ever required for an appliance, call an appliance or furnace service man or your plumber.

PETITIONS AVAILABLE HERE TO REPEAL AB 272

Petitions which urge a repeal of section 20751.1 of Assembly Bill 272, under which school districts, after July 1, 1971, will be able to jack up taxes without first having to seek voters approval at override elections, are available from an Albany representative.

Mrs. Jeanette Rutherford, 1266 Portland Ave., is spearheading the Alameda County drive to obtain 325,000 signatures and place the measure on next June's primary ballot.

Heading the statewide campaign is Randol J. Kennedy of Penryn, who states the section is "discriminatory" and that the people who own property in California, a minority of 39 per cent, already pay 80 per cent of all California taxes. He states:

"How could the legislature not know that the total assessed value of all the taxpaying property in California is only 15 per cent of the state's wealth, and this base is reduced every day by freeways, roads, schools,

parks, government projects and church holdings that go off the tax rolls?"

Mrs. Rutherford's telephone number is 526-5134. She is the president of the Albany Homeowners and Taxpayers' Association.

Mrs. Amos Doane Is Installed

Mrs. Amos Doane has been installed as president of the Berkeley Motion Picture and Television Council, succeeding Mrs. Earl Sykes.

They are Barbara Holm, a freshman at Samuel Merritt Hospital School of Nursing and daughter of Mr. and Mrs. Elmer Holm, and Lyn Maloney, a senior at the University of California and daughter of Mr. and Mrs. Jack Maloney.

The 34 scholarships totaled \$12,600 and represent the largest number yet to benefit from the scholarship fund supported by the hospital with assistance from the Berkeley Clinic auxiliary and private donations.

Including this year's awardees, 113 girls have received scholarship aid since the fund was started in 1963 to encourage young people to enter the field of nursing.

Another Ice Follies show tucked away and it seems impossible but each edition is more spectacular than before.

I thought the Tiffany number was beautiful beyond compare, with those gorgeous lovelies dressed as Tiffany lamps. And when handsome Richard Dwyer sang the Camelot song to those beauties representing the seasons of the year, methought five women sitting near me swooned. Ah, me! to be young and glamorous once more. And now to more mundane matters.

Put a ring around Thursday, Aug. 7. . . it will be our privilege and pleasure to play host to our distinguished Chief of Police, who has matters of grave import to discuss. Come and bring a friend or neighbor, because it will concern everyone, so be here about 12:30 to be seated.

The pinochle instruction goes on apace, but there is always room for more who want to learn or perfect their technique of this fascinating game. Wednesday afternoon is the time, and we'd like to have you come for coffee at noon. 'Twill give you a good chance also to see the lovely work done by our craft class.

The whist on Tuesday the 19th is another affair to remember not to forget. Refreshments at noon and play right after . . . non-members welcome, plenty of prizes for all.

Just as our sick folks begin to mend, somebody manages to fall down and etch the map of Asia in black and blue on her anatomy. Anybody hoarding a non-working cane? Still working on Christmas cards for Cystic Fi-

brosis, and our knitters are deep in yarn for lap robes for Oak Knoll amputees. If you'd rather knit at home, bring your yarn and let us get you started . . . every little bit helps. Progressive pinochle or just the plain variety and plenty of chatter on Sundays from noon to five. Drop in for a visit . . . pick up a monthly program . . . you may find something of interest in it.

The shuffleboarders are having a ball and the gallery is enjoying it just as much. Drop by and make book on your favorite player.

The Times prints more news about Albany people than any other newspaper.

Vapordyne Race Car Appears Aug. 10

Industrialist William Lear's controversial Vapordyne racing car will make its only public Bay Area appearance on Sunday, Aug. 10, at Marin County's Peacock Gap Concours d'Elegance.

This is the Championship Class steam car USAC regulations would not permit to race in this year's Indianapolis "500." Racer Parnelli Jones says there is no doubt in his mind that he could have won the Indy this year if he had been driving the Lear steam racer.

The revolutionary race car is the initial vehicle to be completed by Lear who is intent on developing and building smog-free power plants to replace internal combustion engines.

The high torque car is composed of a vapor generator,

motor, condenser, control system and auxiliaries. A highly efficient, delta-configuration engine containing 12 pistons in 6 cylinders powers the vehicle.

Admission to the day-long play of elegant automobiles competing for trophies in 20 classes is \$1.50 for adults and children over 12 and benefits the Marin County Fair.

The music of the Black Pipe Band will be featured in the "California Wine Fashions" presented for the ladies.

East Bay entrants Reinhard Bell of Berkeley his 1955 Mercedes Benz, the 1956 Jaguar XK 140, Chapman Marston of San Francisco and K. B. Anderson, Orinda's 1922 Rolls Royce Ghost.
